

THE CENTRAL RECORD

EIGHTEENTH YEAR.

LANCASTER, KY., FRIDAY, SEPTEMBER 20 1907.

SUNDAY 25

With running races at Lexington and the State Fair at Louisville this week, there should be no trouble for the fool to soon part with his money.

Judge W I Williams, of this city, is in Williamsburg this week sitting as special judge in some important cases in the Whitley circuit court. Mr Williams has presided in this court on former occasions, his decisions giving perfect satisfaction to all parties.

Four more colored laborers left this week for Covington, where they will work in the railroad shops this winter. Since it is impossible to get liquor and "croak" in Lancaster the coons are flocking to the cities, where, as one croak fiend expressed it, they "can have their rights." Let 'em go—the more the better.

Ben Lee Hardin Court Day.

Hon Ben Lee Hardin, one of the best-known Democrats in the state, will address the voters of Garrard county at the court house Court day (next Monday) at one o'clock, p m. Everybody, especially the ladies, cordially invited to be present.

The attendance at the Graded Schools was largely increased Monday morning, as is always the case on second week of every term. All the classes were made up last week, and everything is now in apple-pie order and running smoothly. Every indication is for a most successful year, and we believe the school will do far better than in the past.

Solicitors Wanted.

To canvass Garrard and surrounding counties. We would also be glad to place our proposition before any teachers or ministers not engaged at present. Call at the Central Record office.

Gov. Bradley To Speak.

Gov W O Bradley, while not in the best of health, has decided to take the stump and make several speeches in the present campaign. Lancaster, his old home, is on the list, and he will speak here Oct 2. Due notice of the time will be given, and it is a foregone conclusion that he will be given a rousing reception in his old home.

A Fine Work.

The new indexed bible, being introduced in this city by Mr J O Martin, is meeting with a great sale, our people readily recognizing the worth of the book to those interested in reading and studying the bible. Church people and others, too, find in it what they have long wanted—a reference to every particle of authority and reference needed. If you have not seen the work be sure to do so, for it is of inestimable value. Mr Martin is stopping at the Simpson house and will be here for only a few more days.

Masonic Election.

At annual election of officers for Lancaster Chapter 56, Royal Arch Masons, held Tuesday evening, the following were chosen: W O Rigney, high priest; Louis Landrum, king; L L Walker, scribe; J M Rothwell, captain of host; Henley V Bastin, principal sejourner; J W Sweeney, royal arch captain; F P Frisbie 1st veil; Jacob Joseph, 2nd veil; Lewis Herndon, 3rd veil; J R Haselden, treasurer; J Lewis Gill, secretary; G S Greenleaf, sentinel.

Right Man For Place.

It is with great pleasure his many friends read of Hon Jerry A Sullivan's consent to make the race for the Legislature in Madison county. The people, all over the state, irrespective of party affiliations, are rapidly realizing the fact that unless they select the very best men to make laws, Kentucky will never amount to much in the commercial world, and when our lawmakers are selected from men who put the interests of Kentucky before those of some political party, then and only then will the great natural resources of our state be brought out and capital can be invested with some degree of safety. Mr Sullivan is broad-minded, honorable and a gentleman who can be depended upon to do what he honestly believes to be right, let it hurt who it may. There's nothing of the peanut politician about Jerry Sullivan, and the people of Madison will show wisdom in selecting him to represent their interests.

Much Sickness.

There was never so much sickness in town as at present, and the doctors are all kept on the jump from morning till night. There is no doubt but that much of this is caused from filthy alleys, and other disease spreading practices which are permitted. There are numerous stables and privies in the town which are enough to bring on an epidemic of cholera, and the health board should see that their orders to clean them are carried out. The health board is on the alert, but frequently give orders which are not carried out. Have the guilty parties fined, and all future orders will be obeyed.

To State Fair.

A great many of our people are attending the great State Fair in Louisville, and many more will go down to night and tomorrow. The rail roads are giving very low rates, while the show of stock and other attractions are far ahead of any thing of the kind ever attempted in the South. To our former townsman, Mr R E Hughes, who is secretary of the fair, belongs the lion's share of credit for the great success of the show. Bob has certainly made good in the Falls City, and is one of the best known and most popular young men there. He has the pluck and grit up and get to win in any undertaking.

Judge Hager Speaks.

Judge S W Hager, democratic candidate for Governor, spoke at the court house in Lancaster Friday afternoon, and was listened to by a representative audience of our people. He was billed to speak at two o'clock, but was unable to reach town until nearly three, consequently most all the people from the country went home, thinking it would be too late for them by the time he arrived. Judge Hager, while no orator, is a sound reasoner, and sets his claims before an audience in a clear, convincing way, which really has more effect in these days of thinking than does the sky-scraping speaker who brushes cob-webs from the clouds and says nothing. Judge Hager charged that one of Mr Wilson's first acts, were he elected Governor, would be to pardon those charged with the assassination of the late William Goebel. He then referred to Mr W's request for a look at the books and said a similar demand had been made by former governor W O Bradley but the latter found nothing wrong. He touched up by predicting an old time Democratic majority in the state next month. Mr Hager met many of Garrard's prominent politicians and was shown every courtesy while in our town. He was introduced to the audience by J I Hamilton.

Important to Parents.

After careful investigation, the trustees of Lancaster Graded Schools have decided, if patronage will justify, to establish a school for book-keeping, business arithmetic, penmanship, commercial correspondence, commercial law, business practice and banking. They find the entire course can be given at a cost of about \$40, and the studies can be pursued along and not interfere with other studies. The trustees will add these all-important features provided as many as fifteen pupils can be obtained. A first class instructor can be obtained, one with ability and reputation. If desired, typewriting and stenography can be added at a very small cost. If you want your son or daughter to get advantage of this opportunity, it is very important that you so notify Prof Bridges at the school, or J W Elmore or R H Batson on Public Square, at once, as there is no time to lose. Nothing would be better for your child than to give him or her a practical business course along with other studies. It will not interfere in the least with the regular studies.

Mammoth Cave Trip Sept. 26th.

Mr Wm Bryan, passenger agent of the L & N railroad, called at our office today in the interest of the Mammoth Cave excursion, which has been advertised in another column for the past three weeks. We consider this the best trip, for the money, ever offered our people. The party will leave Lancaster at 5:05 a m going through Paris, Lexington, Frankfort and Louisville, giving the party an opportunity to see the new Capitol, also three hours stop in Louisville, arriving at Mammoth Cave for supper. Thence after supper the party will take the short route in the Cave and also the trip to the ruins of Karnak and great Mammoth dome, thence following morning will take the long route trip, which requires all day, eating dinner lunch in the cave, coming out about 5:00 p m, thence the party will have supper, lodging and breakfast at hotel, after seeing the Cave, giving a full night's rest before starting on the return home. The above is all included in the \$12.65 which would cost the party more than \$30.00 if paid for at the usual rates. The tickets are limited for ten days to oblige those who may wish to take a more extended outing. We hope to see a party of twenty five or thirty worked in town and county.

Mr J R Mount was in Frankfort a few days ago, where he secured release from the School of Reform Prewitt Thompson, a boy sent there some time ago, the boy's parents desiring his return. He also secured the release from penitentiary Stewart Humber, who was sent up some time ago for killing another negro. Humber is very ill.

To Build Opera House

The Odd Fellows, Always Progressive for Good, Likely to Erect Temple of Own.

They'll Prove To Be Public Benefactors

The Lancaster lodge of Odd Fellows is about to again prove to the world that the institution is not for selfish motives and organized simply for parade and show. The members have put on foot a move to erect an opera house and lodge rooms over same, to be as handsome and well-appointed as can be found in the state. The Odd Fellows are always in good shape financially, and, when it comes to good management they cannot be passed and seldom equalled. The local lodge owns its present hall, which has become too small for the rapidly increasing membership, and the suggestion to build was made. "Why not build an opera house in connection and thus work a benefit to the entire community as well?" was asked. The idea went straight home to the members, and, at Monday night's meeting, a committee was appointed to get prices on lot adjoining the new hotel and also on the Scott lot now owned by Romans & Elmore. That very reasonable prices will be quoted on both is a foregone conclusion, as both lots are owned by people who are for progress and the building up of Lancaster. They also know the inestimable value an opera house would be, so it's safe to predict that no hitch will be caused on price of lot. An architect has the plans about complete, and the committee will report at next Monday night's meeting of the Odd Fellows. As nearly all the entire membership is for the move, and realize the importance it is to the lodge to have decent and adequate lodge quarters, we believe that in the next issue of The Record we will tell of the definite steps toward building what Lancaster now needs worse than anything else—a decent place in which to hold public meetings, entertainments, etc., and showing that Lancaster lodge of Odd Fellows is not behind those in sister cities where the lodges have built monuments to their memory and helped their towns more than it is possible to do in any other way.

High Honor For McCreary.

The Kentucky State Journal, in a long article says that in the event Wm J Bryan should again be nominated for the Presidency by the National democracy, nothing could be more in harmony with the natural order of things than that a southern democratic leader should be chosen as his running mate, and asks why should not this man come from Kentucky. "The name of James B McCreary is the one that prominent leaders at the Capital here, and throughout the Commonwealth are pointing to as that most suitable to be linked with the great Commoner in the mighty battle to be fought in the arena next year. That the Senator would prove a most popular candidate and could at once command the support of the solid south for honor, is not doubted by those who have taken the time to investigate conditions and the sentiment toward his candidacy which would be expressed, were his boom to be formerly launched. With years of faithful service for the democracy forming a brilliant record behind him, the greater portion of which has been spent in deliberation of questions of national statesmanship, it is asserted by those who are suggesting Senator McCreary for the Democratic Vice Presidential nomination, that it were indeed meet that as a crowning achievement he be tendered the honor of representing the solid south on national ticket, as a running mate with the great Nebraskan. Regardless of past factional differences, and insignificant party dissensions, it is apparent here that a quiet movement is being launched in Kentucky to secure this honor for the senator who is about to lay down the toga."

To Mammoth Cave.

Lowest rate ever named \$12.65 from all stations on Kentucky division from Stanford to Richmond Sept 26th. This am't will include the railroad fare, also board at Cave hotel from arrival for supper until after break fast of the third day, also the long and short rates in the Cave, including special side trip to see the ruins of Karnak or great Mammoth dome. Through coach on regular morning train. See L & N Agent. 9-6-3f.

Facts About The Great Majestic Range.

It is the only range in the world made of Malleable and Charcoal Iron.

It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickeled Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing the Majestic.

As for baking, it is perfection, not only for a few months, but for all times to come.

A Great Majestic Range lasts three times as long as a cheap range, but it don't cost three times as much.

PROOF—We don't ask you to take our word for any of the above statements, but if you will call at our store, a man from the factory where Majestic ranges are made, will prove to your satisfaction, that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

Teachers Institute.

(crowded out of last issue)

The Joint Institute, composed of teachers from Lincoln, Boyle, and Garrard counties, began its work in Lancaster, Sept 2, and continued five days.

By an agreement of the superintendents Mr J W Rawlings, of Danville, presided at the meetings, and strengthened the bonds of sympathy and good-fellowship already existing between himself and the teachers by his kindly manner and well-chosen remarks from time to time.

It was truly a feast of good things and a time of up-building for the one-hundred-fifty-one teachers enrolled.

It proved a delight to all that the superintendents had secured such able instructors.

Dr W A Clark, of Karney, Nebraska, a scholar in the true sense of the term, came to us full of enthusiasm and knowledge, of the bed-rock principles of teaching.

That his talks along the line of Psychology, Arithmetic, English Grammar, Reading, Grading, preparation for teaching, and methods put the assembly to thinking was proven by the round table questions and discussions.

Prof F R Parks, of Harrison School, Lexington, Ky, gave the teachers much food for thought and practice in his work in Reading, Geography, Composition, Spelling, Sense-training, and in other talks, tending toward the advancement of the public school.

Prof Grinstead, of Danville, Mrs E S Eubanks, of Lexington, Rev T H Campbell, of Maryland, Prof J E Mannix, of Berea College, and Mr John K West, of Lancaster, were made honorary members of the Institute.

All of whom, excepting Rev Campbell, were, at some time, teachers in one of the three counties.

Plenty of good music was interspersed with the work of the week and the social side was not forgotten.

On Tuesday evening an enjoyable reception was given by the teachers of Garrard to the visiting teachers.

Dr Clark on Wednesday evening spoke to a large audience an "The Life and Work of Dr Harper." A man who prayed God not for rest in the life beyond but for a continuance of work.

A concert was given Thursday evening by home talent and the male quartette from Berea College.

That this quartette charmed the audience was evinced by the continued cheering after each number.

Miss Lillian Poor assisted in the success of the evening by giving two recitations in her delightfully pleasing manner.

Taking all in all it was a week of profit and enjoyment for the teachers shared with the citizens of Lancaster, who appreciated having the assembly and such worthy instructors brought to their city.

Mary Knapp West, Secretary.

We our committee on Resolution beg leave to submit the following:

First. That our thanks be extended to the Methodist Church of Lancaster for the use of the church building, to the hospitable people of Lancaster for our entertainment, during the week, and to all those persons who have contributed to our pleasure with music and song.

Second. That we thank Dr Clark and Prof Parks for the profound, inspiring, and practical addresses given during this institute. We feel fortunate in having the service of such able men.

Third. That the Tri-county Institute of Boyle, Lincoln and Garrard counties reaffirms its allegiance to the State Normals which were established by the General Assembly for benefit of the teachers of the state.

Fourth. That the Institute extends thanks to Supt's Rawlings, Dunn and Singleton for their kind treatment at all times.

Fifth. That the thanks of this Institute be tendered the male quartette from Berea College for its most delightful music.

Sixth. That we as teachers of this Institute endorse the Southern School Journal as the leading Common School paper of Kentucky and endorse the unified system as presented by its editor.

Prof Bridges, Miss Ella Barker, Miss Eliza Ison, J L Brady. Committee.

Miss Isabel Walker and Mr Quincy Grey, of Councersville, Ind., were married last Friday evening at the Paint Lick parsonage by the Rev Frierson. There were no invitations issued and because of the serious illness of the grooms mother the wedding was a very quiet affair. There were no attendants. Miss Walker wore a handsome tailored suit of blue, and blue hat trimmed in plumes. The bride is a most estimable and popular young woman. There was no affair given after the ceremony, as the bride and bridegroom drove immediately to the depot and left for a Northern bridal trip.

Lexington Herald:—An interesting rumor on good authority is that of the approaching marriage of the Rev George W Dunlap, and Mrs Kate Adams Moore, both of Kentucky, which will be celebrated in November at Las Cruces, New Mexico, where they are now living. Mrs Moore is the widow of Horton Moore and was Miss Kate Adams, a beautiful Lexington girl. Mr Dunlap is a man of many attractions, a graduate from Kentucky University and Presbyterian minister in charge of the church in Las Cruces. Both went out to the West for the health of their companions and both were widowed by the white plague. Mr Dunlap is the brother of Mrs Eugenia Dunlap Potts, Mrs George Denman and Mr Wood G Wood Dunlap of this city. He has seven children by two former marriages all about grown, and Mrs Moore has one child, a little boy.

Resolutions.

Whereas, in the dispensation of Providence our sister and co-worker, Mrs Stella Ford, has been called hence from earthly cares and trials to Heavenly peace and happiness, to rest in the loving embrace of the Master she served so well and devotedly, now be it resolved by the W H M Society that we deeply feel the loss to this organization caused by the death of sister Ford, for we greatly appreciated her untiring efforts for the cause we represent, and recognized in her a woman of high character.

We extend our most affectionate sympathy and condolence to her family and friends, and trust that they may find consolation in the fact that our departed one lived a life, which vouchsafed to her a final and peaceful entrance into that Home prepared for all the blessed. Be it further resolved that these resolutions be spread at large on the minutes of this society, a copy be sent the family of deceased, and same be published in Central Record.

— BY —

NATHANIEL WHITAKER

of Richmond, Madison County, Kentucky.

Why the Whitaker Gate is the best.
1st, It is made of first class material.
2nd, It is stock proof.
3rd, It has no dead center and will not stop half open when others give trouble.
4th, It has no latch to get out of order.
5th, It is a perfect lock when closed.
6th, It has less lever motion than any other Gate.
7th, It will work on any kind of Ground in a curved road and to any kind of post.
8th, It is easier to operate than any other.
9th, because every one that sees it says so.

Read what a few men of the county have to say who are using this gate.
Paint Lick, Ky., August 14th, 1906.

I have one of the Whitaker Automatic Gates that I have used for about seven months, it has not been out of repair in the least, and has not given me one moment's trouble so far, and can't see how it will. I like it splendidly.
Respectfully, J. C. Rucker.

After using one of the Whitaker Automatic Gates, can say that it gives perfect satisfaction. I consider it the best gate I have ever seen. Would not do without mine for double the cost of it. Yours truly,
J. B. Woods.

Paint Lick, Ky.
I have owned one of the Whitaker Automatic Gates for some time. I have given perfect satisfaction and swings so nicely and works so easy that any child can operate it. My little four year old boy has no trouble in using this gate.
Very respectfully, S. D. Cochran.

Buckeye, Ky.
I was the first in this county to purchase one of these gates. I am well pleased with it and would not do without it one year for the cost of the gate. I advise every one that needs a good gate to buy one, they are all right.

Aldridge.

After a brief illness of typhoid fever, Miss Katharine Aldridge died at the home of her parents, in this city, Monday morning. Her death is peculiarly sad, coming as it did while all the family were stricken with the disease and confined to their beds. Funeral services were conducted by Eld F. M. Tindler, at the Lancaster Cemetery Tuesday morning at nine o'clock. A friend hands The Record the following fitting words regarding the lovely character of the young girl:

In the death of Miss Kittle Aldridge as she was familiarly known to her friends and relatives, we are overwhelmed with sadness to relate, yet a beautiful life is its own eulogy. It stands out against the background of a few years serene and complete. There is nothing to wish undone, nothing to add to her span of spotless days. She was blameless, gentle, affectionate who kept the purple and fine gold of her nature unsoiled by worldly contact. She was second in age of a large family, had been spared, would have been a great comfort to her parents, small sisters and brothers. She has now passed in peace to her reward as sinless as a babe. So this tireless toiler, daughter and sister, as the twilight of death closed, it closed also over the hearts of her three devoted uncles who did all possible for her restoration. She graduated last June, but for the grace of God it might have been another one of the class. Then life ebbed away near sunrise on the beautiful September day. The memory of such a life will never pass away.

The broken bones in his chin have not healed sufficiently to permit removing the bandages, however, but he is not able to open his mouth and talk much as stated at time of the accident, he's one of our most useful and popular men, and is needed in the community.

No Houses.

Although the first of the year is some time off, yet there is a great rush for houses for next year, and fortunate indeed, is the renter who has secured a place to lay his head during the approaching year. There are plenty of good building lots, its true, but nobody seems inclined to build. The trouble is, to be plain, most all the money in town has drifted into the clutches of some people who hold on like grim death and will not invest it. It's a pity, for many people would move here if they could get a house. We know several families in the country who would sell out and move to Lancaster if they could get a home.

A Good Law.

Judge Bell, in his charge to the Grand Jury at Lewisburg, Tenn., dwelt at length on the new dog law passed by the Legislature. He said that the same law had been in force in Summer county for six years, and he gave it as his opinion that the worthless dogs in the country had decreased at least fifty per cent., while the number of sheep had increased one hundred per cent. He also gave it as his opinion that the law was not only a good one but that it was conditional and should be enforced.

PILES get immediate relief from Dr. Shoop's Magic Ointment.

Mainspring of Life

No One Can Be Strong With a Weak Stomach.

The stomach is the mainspring of life. When it is strong and acts perfectly, then the whole system is right, assimilation is perfect, and body and brain are thoroughly nourished.

One may perhaps get temporary relief from stomach troubles by using pepin, or some other digestant, but this treatment has no curative effect. It does not reach the seat of the trouble and remove the cause.

How much better to use Mi-o-na, which restores lost functions of the whole digestive system, revives flagging nutrition, and aids in the assimilation of food.

Mi-o-na is a pleasant remedy to use, and benefit is seen from almost the first day's treatment. It restores the torpid glands and stimulates the natural digestive secretions. It checks fermentation, stops germ growth, soothes inflammation, and cures all troubles, such as head-aches, backaches, rheumatic pains, furred tongue, sleeplessness, nervousness, and general debility, which are caused by imperfect digestion.

It is the only remedy that is so uniformly successful in the cure of stomach diseases that we are willing to give a guarantee with every 50 cent box of Mi-o-na tablets that the remedy will cost nothing unless it cures.

R. E. McRoberts, Druggist.
